

Corpus Christi Catholic Primary School

We live our lives like Jesus

Newsletter 25th October 2024

Dear Parents and Carers.

As always, our first half term has been very busy. It was lovely to see so many families joining us for the Early Years Welcome Liturgy on Wednesday, where we welcomed our reception children and their families into our school community.

Yesterday, we celebrated our Harvest Mass—thank you for the wonderful donations for Bucklands Soup Kitchen. We know all the food will be put to good use feeding 50 regular guests who visit the soup kitchen every Wednesday. During Advent we will continue to collect for the Buckland Soup kitchen asking for donations of socks and scarves or items to support personal hygiene.

Much has been achieved this half term with new learning practiced and used, new and old friendships developed and our mission statement seen in action every day. Children have worked hard to show our term's Mission Values of being aspirational and positive through their determination to work hard and resilience to rise to any challenge. We are proud of all our children and I love seeing how well children are doing; always with a smile and sense of purpose.

Wishing everyone a great half term.

Miss Clark

Friday 4th July	INSET Day - school closed for all children
Wednesday 23rd July - Tuesday 2nd September	SUMMER HOLIDAYS - school closed for all children

Zoom Sleep Course for parents

*"Sleep is as important for survival as food and water;
yet most people know very little about this vitally important process.
80% of children with a special educational need or disability struggle to sleep."*

Join Nickie Sutton, experienced sleep practitioner and trainer, for sessions to learn more about sleep and how you can help children sleep better.

These sessions are specially written for parents of children with additional needs and disabilities and are interactive so that your specific questions and needs are answered.

Course

Session 1. How and Why we Sleep. What our brains need us to do to sleep well.

Session 2. SEND and Sleep. How sensory processing differences, autism, anxiety, ADHD and other conditions make sleep so much harder, and how you can help.

Both sessions are 90 minutes long with time at the end for questions.

You will need to commit to attend both sessions;
as the strategies discussed in session 2 relate back to what is covered in session 1.

NEXT COURSE

Mondays 28th & 30th September 2024, 10am 12pm
Tuesdays, 5th & 12th November 2024 7pm 8pm

Nickie Sutton has been a sleep practitioner for 6 years and developed the successful and effective sleep courses for Space4Autism in Cheshire which have been running for over 8 years. Prior to this Nickie was a nurse for 34 years, most recently working as a Specialist Community Public Health School Nurse, and ADHD Nurse Specialist. Her background means that she is scrupulous about offering evidence based advice that is grounded in science. She is currently one of small team of experienced sleep practitioners working on the National Sleep Helpline and in 2022 was commissioned by the Cheshire and Merseyside Integrated Care Board (NH8) to run a new Cheshire East sleep service for neurodiverse children and young people.
